This year we are offering a \$25 referral discount to a school that successfully invites a new group to this contest. In order for the invitation to be "successful," the new school that was invited actually needs to register for the contest and list the Director or school that invited them to participate. We can then confirm with the Directors involved and give the discount to the school giving out the invitation. If the new school does not register, we will not be able to offer the discount. Only one discount of \$25 is allowed per school.
